a. Current Corporate Status:

The Issuer was incorporated as a private limited company under the Companies Act of 1956 on 21st November 1994 and is registered with the Reserve Bank of India as a non-deposit accepting NBFC. The Issuer derives the following benefits of being registered as an NBFC:

- **Access to Funds:** Commercial lenders have greater comfort lending to a regulated NBFC with transparent ownership. As an Issuer, Ess Kay can raise equity and offer commercial returns.
- **Diverse Funding Sources:** An NBFC can access commercial investors and international capital markets, diversifying away from donors or members as equity funders.
- **Commercialisation:** Classifying Ess Kay as an NBFC increases its commercial credibility and integrates it and its clients into the formal financial sector which ultimately increases its outreach potential.
- **Mainstream Resources:** As a for-profit commercial NBFC, Ess Kay will be more likely to attract mainstream capital resources which Societies or Trusts would find difficult to attract.
- **Regulatory Coverage:** As Ess Kay grows in size, operating as an NBFC within the regulatory framework mitigates risks from political and regulatory intervention.
- **Stakeholder Involvement:** As an NBFC, Ess Kay can bring a variety of stakeholders to the table, including clients, management, employees and investors.

* The Issuer undertakes that it shall provide latest Audited or Limited Review Financials in line with timelines as mentioned in Simplified Listing Agreement issued by SEBI vide circular No.SEBI/IMD/BOND/1/2009/11/05 dated May 11, 2009 as amended from time to time , for furnishing / publishing its half yearly/ annual result. Further, the Issuer shall within 180 days from the end of the financial year, submit a copy of the latest annual report to the debenture trustee and the debenture trustee shall be obliged to share the details submitted under this clause with all 'Qualified Institutional Buyers' (QIBs) and other existing debenture-holders within two working days of their specific request.

XIV. Any material event/ development or change having implications on the financials/credit quality (e.g. any material regulatory proceedings against the Issuer/promoters, tax litigations resulting in material liabilities, corporate restructuring event etc) at the time of issue which may affect the issue or the investor's decision to invest / continue to invest in the debt securities.

The Issuer hereby declares that there has been no material event, development or change at the time of issue from the position as on the date of the last audited financial statements of the Issuer, which may affect the Issue or the Investor's decision to invest/ continue to invest in the debt securities of the Issuer.

XV. RISK FACTORS

The following are the risks relating to the Company, the Debentures and the market in general envisaged by the management of the Company. Potential investors should carefully consider all the risk factors in this Information Memorandum and/or the Private Placement Offer Letter for evaluating the Company and its business and the Debentures before making any investment decision relating to the Debentures. The Company believes that the factors described below represent the principal risks inherent in investing in the Debentures, but does not represent that the statements below regarding risks of holding the Debentures are exhaustive. The ordering of the risk factors is intended to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk factor over another. Investors should also read the detailed information set out elsewhere in this Information Memorandum and/or the Private Placement Offer Letter and reach their own views prior to making any investment decision.

REPAYMENT IS SUBJECT TO THE CREDIT RISK OF THE ISSUER.

Potential investors should be aware that receipt of the principal amount (i.e. the redemption amount) and any other amounts that may be due in respect of the Debentures is subject to the credit risk of the Issuer. Potential investors assume the risk that the Issuer will not be able to satisfy their obligations under the Debentures. In the event that bankruptcy proceedings or composition, scheme of arrangement or similar proceedings to avert bankruptcy are instituted by or against the Issuer, the payment of sums due on the Debentures may not be made or may be substantially reduced or delayed.

THE SECONDARY MARKET FOR DEBENTURES MAY BE ILLIQUID.

The Debentures may be very illiquid and no secondary market may develop in respect thereof. Even if there is a secondary market for the Debentures, it is not likely to provide significant liquidity. Potential investors may have to hold the Debentures until redemption to realize any value.

CREDIT RISK & RATING DOWNGRADE RISK

The Rating Agency has assigned the credit ratings to the Debentures. In the event of deterioration in the financial health of the Issuer, there is a possibility that the rating agency may downgrade the rating of the Debentures. In such cases, potential investors may incur losses on revaluation of their investment or make provisions towards sub-standard/ non-performing investment as per their usual norms.

CHANGES IN INTEREST RATES MAY AFFECT THE PRICE OF NCDs.

All securities where a fixed rate of interest is offered, such as this Issue, are subject to price risk. The price of such securities will vary inversely with changes in prevailing interest rates, i.e. when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of prevailing interest rates. Increased rates of interest, which frequently accompany inflation and/or a growing economy, are likely to have a negative effect on the pricing of the Debentures.

TAX CONSIDERATIONS AND LEGAL CONSIDERATIONS

Special tax considerations and legal considerations may apply to certain types of investors. Potential investors are urged to consult with their own financial, legal, tax and other advisors to determine any financial, legal, tax and other implications of this investment.

ACCOUNTING CONSIDERATIONS

Special accounting considerations may apply to certain types of taxpayers. Potential investors are urged to consult with their own accounting advisors to determine implications of this investment.

MATERIAL CHANGES IN REGULATIONS TO WHICH THE ISSUER IS SUBJECT COULD IMPAIR THE ISSUER'S ABILITY TO MEET PAYMENT OR OTHER OBLIGATIONS.

For ESS KAY AUTO FINANCE PVT. LTD.

The Issuer is subject generally to changes in Indian law, as well as to changes in government regulations and policies and accounting principles. Any changes in the regulatory framework could adversely affect the profitability of the Issuer or its future financial performance, by requiring a restructuring of its activities, increasing costs or otherwise.

LEGALITY OF PURCHASE

Potential investors of the Debentures will be responsible for the lawfulness of the acquisition of the Debentures, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates or for compliance by that potential investor with any law, regulation or regulatory policy applicable to it.

POLITICAL AND ECONOMIC RISK IN INDIA

The Issuer operates only within India and, accordingly, all of its revenues are derived from the domestic market. As a result, it is highly dependent on prevailing economic conditions in India and its results of operations are significantly affected by factors influencing the Indian economy. An uncertain economic situation, in India and globally, could result in a further slowdown in economic growth, investment and consumption. A slowdown in the rate of growth in the Indian economy could result in lower demand for credit and other financial products and services and higher defaults. Any slowdown in the growth or negative growth of sectors where the Issuer has a relatively higher exposure could adversely impact its performance. Any such slowdown could adversely affect its business, prospects, results of operations and financial condition.

RISKS RELATED TO THE BUSINESS OF THE ISSUER

- (a) *If the Issuer is unable to control the level of non-performing loans ("NPAs") in the future, or if the Issuer's loan loss reserves are insufficient to cover future loan losses, the financial condition and results of operations may be materially and adversely affected.*

The Issuer's financial condition is directly correlated to its ability to control the level of Non-Performing Assets ("NPAs") in the future and if the Issuer's loan loss reserves are insufficient to cover future loan losses, its financial condition and results of operations may be materially and adversely affected.

As at June 30, 2016, the gross NPA was 888.57 Lakhs on a gross portfolio of Rs. 590.25 Crores (including managed / securitized portfolio of Rs. 133.77 Crores).

The Issuer cannot assure that it will be able to effectively control the level of the NPAs of its client loans. The amount of its reported NPAs may increase in the future as a result of growth of client loans, and due to other factors beyond its control. If the Issuer is unable to manage its NPAs or adequately recover its loans, the results of its operations will be adversely affected.

The current loan loss reserves of the Issuer may not be adequate to cover an increase in the amount of NPAs or any future deterioration in the overall credit quality of Client Loans. As a result, if the quality of its total loan portfolio deteriorates the Issuer may be required to increase its loan loss reserves, which will adversely affect its financial condition and results of operations.

- (b) *The Issuer is exposed to certain political, regulatory and concentration of risks*

For ESS KAY AUTO FINANCE PVT. LTD.

Authorised Signatory

Due to the nature of its operations, the Issuer is exposed to political, regulatory and concentration risks.

- (c) ***The Issuer intends to expand into new cities, with no guarantee that these operations will be successful***

The Issuer plans to expand its operations in both the states in which it has a presence and new states across India. The Issuer believes that this strategy is advisable from a financial perspective and that it will provide risk diversification benefits and enable it to achieve its corporate objectives. However, if the Issuer is not effectively able to manage such operations and expansion, it may lose money invested in such expansion, which could adversely affect its business and results of operations.

- (d) ***Competition from other financial institutions may adversely affect the Issuer's profitability***

The Issuer considers that commercial banks and other NBFCs have generally not targeted its client base effectively. However, banks and NBFCs do offer loans to the education sector and/or to individual proprietors either on an unsecured basis or against the value of their personal property. There are also student finance and housing finance companies that provide loans to this customer group. It is possible that their activities in this sector could increase, resulting in competition that adversely affects its profitability and financial position.

The Issuer believes that its sector expertise, credit analysis and portfolio management capabilities are all sources of competitive strength and are a mitigant to this risk.

- (e) ***Changes in interest rates of the loans that the Issuer can borrow could reduce profit margins***

If the cost of the loans that the Issuer receives increases, due to either market or credit movements, the net interest margin might reduce and adversely affect the Issuer's financial condition.

- (f) ***Large scale attrition, especially at the senior management level, can make it difficult for the Issuer to manage its business.***

If the Issuer is not able to attract, motivate, integrate or retain qualified personnel at levels of experience that are necessary to maintain the Issuer's quality and reputation, it will be difficult for the Issuer to manage its business and growth. The Issuer depends on the services of its executive officers and key employees for its continued operations and growth. In particular, the Issuer's senior management has significant experience in the banking and financial services industries.

The loss of any of the Issuer's executive officers, key employees or senior managers could negatively affect its ability to execute its business strategy, including its ability to manage its rapid growth.

The Issuer's business is dependent on its team of personnel who directly manage its relationships with its borrowers. The Issuer's business and profits would suffer adversely if a substantial number of such personnel left the Issuer or became ineffective in servicing its borrowers over a period of time.

The Issuer's future success will depend in large part on its ability to identify, attract and retain highly skilled managerial and other personnel. Competition for individuals with such specialized knowledge and experience is high, and the Issuer may be unable to attract, motivate, integrate or retain qualified personnel at levels of experience that are necessary to maintain its quality and reputation or to sustain or expand its operations. The loss of the services of such personnel or the inability to identify, attract and retain qualified personnel in the future would make it difficult for the Issuer to manage its business and growth and to meet key objectives.

- (g) ***The Issuer's business and results of operations would be adversely affected by strikes, work stoppages or increased wage demands by employees***

The employees are not currently unionized. However, there can be no assurance that they will not unionize in the future. If the employees unionize, it may become difficult to maintain flexible labour policies, and could result in high labour costs, which would adversely affect the Issuer's business and results of operations.

- (h) ***The Issuer's insurance coverage may not adequately protect it against losses. Successful claims that exceed its insurance coverage could harm the Issuer's results of operations and diminish its financial position***

The Issuer maintains insurance coverage of the type and in the amounts that it believes are commensurate with its operations and other general liability insurances. The Issuer's insurance policies, however, may not provide adequate coverage in certain circumstances and may be subject to certain deductibles, exclusions and limits on coverage.

In addition, there are various types of risks and losses for which the Issuer does not maintain insurance, such as losses due to business interruption and natural disasters, because they are either uninsurable or because insurance is not available to the Issuer on acceptable terms. A successful assertion of one or more large claims against the Issuer that exceeds its available insurance coverage or results in changes in its insurance policies, including premium increases or the imposition of a larger deductible or co-insurance requirement, could adversely affect the Issuer's business, financial condition and results of operations.

- (i) ***The Issuer requires certain statutory and regulatory approvals for conducting its business and the failure to obtain or retain them in a timely manner, or at all, may adversely affect operations***

NBFCs in India are subject to strict regulation and supervision by the RBI. Pursuant to guidelines issued by the RBI (circular dated August 3, 2012) the Issuer is required to maintain its status as a NBFC. The Issuer requires certain approvals, licenses, registrations and permissions for operating its business, including registration with the RBI as a NBFC-ND. Further, such approvals, licenses, registrations and permissions must be maintained/renewed over time, applicable requirements may change and the Issuer may not be aware of or comply with all requirements all of the time. In particular, the Issuer is required to obtain a certificate of registration for carrying on business as a NBFC-ND that is subject to numerous conditions.

Dear Sir,

Credit rating for proposed Non-Convertible Debenture issue

Please refer to your request for rating of proposed long-term non-convertible debenture (NCD) issue aggregating to Rs.20 crore of your company. The proposed NCDs would have tenure of 72 months with bullet repayment at the end of sixth year.

2. The following ratings have been assigned by our Rating Committee:

Instrument	Amount (Rs. crore)	Rating*	Remarks
Proposed Non-Convertible Debenture issue	20 (Rupees Twenty crore only)	CARE BBB (Triple B)	Assigned

- The rationale for the rating will be communicated to you separately.
- Please arrange to get the rating revalidated, in case the proposed issue is not made within a period of six months from the date of our initial communication of rating to you (that is September 25, 2015).
- In case there is any change in the size or terms of the proposed issue, please get the rating revalidated.
- Please inform us the details of issue (date of issue, name of investor, amount issued, interest rate, date of payment of interest, date and amount of repayment etc.) as soon as the NCDs have been placed.

*Complete definitions of the ratings assigned are available at www.careratings.com and in other CARE publications.
